Effective Date: _____

Description:

An important part of Westmount Schools's Special Education Program, The Learning Assistance Center (LAC), is an alternative program designed to meet the needs of students experiencing learning difficulties in Language Arts and/or Math.

The purpose of the LAC is to provide students with individual assistance in Language Arts and/or Math. This ensures the opportunity for students to experience success and reach their potential.

_____ has been recommended to attend LAC for the following:

- Language Arts
- Math

An Individualized Program Plan is developed and implemented for each LAC student. Assessments in September and June provide pre-post test information useful in measuring growth as a result of the LAC intervention.

“Effort today, excellence tomorrow.”
